

# Postgraduate Course on Occupational Toxicology

Dear colleague,

Please find enclosed the programme of a **postgraduate course on occupational toxicology**.

Why may this course be interesting for you or your co-workers:

- There is a special **reduced registration fee for PhD students of 550 EURO** for one week
- The course is offered by the **Dutch Postgraduate Educational Programme (PET)** in collaboration with universities in The Netherlands and Belgium and accredited by EUROTOX to **qualify for an ERT**
- Registration via <https://www.toxcourses.nl/application/>
- Last but not least: the course is provided in the beautiful city of **Nijmegen** in **June 8-12!**

**Do not wait too long** to register as there is much interest and the course will soon be full

Do not hesitate to ask me for more specific information.

Best regards,

Paul Scheepers  
Coordinator PET Occupational Toxicology
